

Climate Sunday

The Diocesan Climate Change Group is keen to promote the Ecumenical 'Climate Sunday Initiative' see the extract from the website below:

What is Climate Sunday?

The Climate Sunday initiative is calling on all local churches across Great Britain & Ireland to hold a climate-focused service on any Sunday before COP26 (November 2021).

Our vision is to leave a lasting legacy of thousands of churches better equipped to address this critical issue as part of their discipleship and mission and to make a significant contribution to civil society efforts to secure adequate national and international action at COP26.

The collective action and commitments from local churches across Great Britain & Ireland will be presented to UK Government at a Nations Climate Sunday Service in Glasgow on Sunday 5th September 2021. Further details about this event will be published shortly.

Can your church hold a climate-focused service to explore the theological and scientific basis of creation care and action on climate, to pray, and to commit to action?

<https://www.climatesunday.org/>

Could you join in? Or join with other churches locally? Please do share ideas or images with us at media@standrews.anglican.org
